Wheels for Wellbeing: A dynamic, award winning cycling charity

Wheels for Wellbeing exists to enable anyone who thinks they can't cycle to discover the joy of cycling. This is to ensure disabled people of all ages share in all the benefits of cycling including better physical fitness and mental health, increased freedom and independence, connection to our communities, access to cheap transport and smaller carbon footprint.

How do we do this?

We do this by owning and making available a wide variety of cycles (bicycles, tricycles, 4 wheelers, handcycles, tandems etc.), by employing experienced cycling instructors and by running regular cycling sessions at off road venues. We also provide one to one cycle training and work to raise awareness of the fact that cycling is for everyone. Finally, we are becoming increasingly recognised as the voice of disabled cyclists in the UK, campaigning for more inclusive cycling infrastructure and cycling facilities, and for better recognition of the fact that many more disabled and older people would cycle if the right conditions were in place and if general perception moved from the assumption that cycling is only done on two wheels, on roads.

Who do we help?

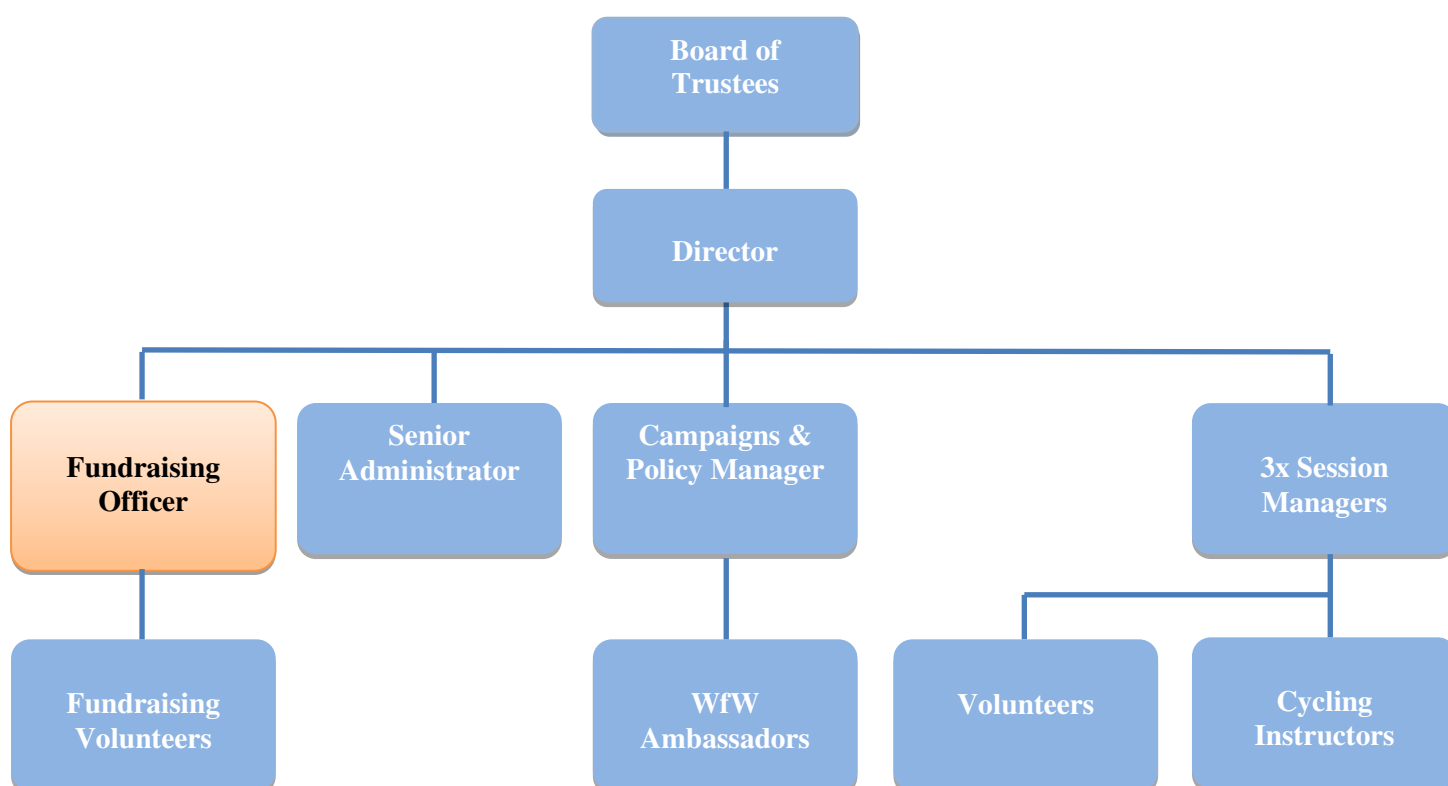

Our beneficiaries are people who experience barriers to cycling. In the main this means disabled children and adults including older people; people with physical and/or learning disabilities or mental health issues; people who have always been disabled as well as people with acquired impairments and health conditions; their carers and the organisations which work with them. See www.wheelsforwellbeing.org.uk

Continuing to implement our sustainable funding plan:

Following a period when the Big Lottery was our main funder (2010-2014), we developed a sustainable funding strategy. We created then the post of Fundraising Officer, as part of the implementation plan for our strategy. Our last post-holder moved to pastures new recently and we are looking for the next amazing person to build on his achievements. We are confident that with some experience of raising funds, the right person will build on the growing, very supportive group of existing donors and will identify new donors.

Wheels for Wellbeing staff structure:

The next post holder will be joining a lovely team of passionate individuals, all driven by the desire to get as many people as possible to discover or re-discover cycling and to enjoy the amazing wellbeing benefits which cycling brings.

Fundraising Officer

Responsible to:	Director
Line management responsibility for:	Fundraising intern/volunteers
Hours:	35 per week (part-time hours may be considered)
Salary:	£25,000 to £28,000 (incl. London Weighting) depending on experience

The role:

To ensure that increasing numbers of disabled people of all ages discover the joy of cycling, the post holder will not only lead on Trust and Foundation and statutory applications, they will significantly increase donations from existing and new supporters, the cycling community and businesses in general.

This role includes working closely with the Director, keeping her updated on developments in charitable and public funding opportunities for sports and physical activity by disabled and older people. You will continue to develop our processes for effective fundraising, including relationship management and donor stewardship models, marketing, new products and merchandise.

The ideal person:

We are looking for an all-rounder, with excellent communication skills and a passion for ensuring the sustainability of our dynamic, user-led organisation with both local service delivery and national campaigning ambitions. Above all, we are looking for someone with strong writing skills, who is able to engagingly communicate the progress and impact of Wheels for Wellbeing's work promoting cycling by all, inclusion and the Social Model of Disability. This post will be based at our Brixton office.

Probationary period

The appointment of every new employee is subject to a probation period of six months.

Pension

Wheels for Wellbeing's auto-enrolment pension scheme is with NEST. We contribute 5% towards our staff's pensions, after 3 months' employment.
